## Public Works Report

Water Park – We have removed the top of the rock water fall at the baby pool location. Using our new sewer camera and locater we were able to pin point the leak under the concrete. We will now remove the concrete to access this broken pipe. This broken pipe has been repaired at this time.

Graffiti – We continue to take care of graffiti as we find it. There is no new graffiti to report at this time.

Chesapeake Village water tower – The water tower is currently on line. Wilson is working with the contractor and Ben Dyer to address an ongoing punch list. We have installed new chlorine analyzers at all three tower locations. They are hooked to the SCADA system and now we will be able to monitor the chlorine levels 24/7.

Rail Way Trail- We continue our efforts to keep trail looking good. We will be installing 1/10 mile markers on the trail, starting from the trail head.

Water leak- There is a leak in the median between the entrance to Richfield Station and to the High Lands. This leak is at a cross connection between two 8 inch lines and a 12 inch line.

Wet wells- We continue to check and monitor all of our wet wells as part of preventative maintenance schedule.

**Planning & Zoning** – The Planning Commission is scheduled to meet March 14, 2012. On the agenda are two projects, both in Richfield Station. A proposed pump station located in the Block S (Critical Area Section) of Richfield Station and Building J Condominium Plans are to be considered.

**Board of Appeals** – No meeting was held this month.

**TOWN OF CHESAPEAKE BEACH**  
Engineering Report

**Trail** – The temporary trail section through Richfield Station has been installed and informational signs are posted. The main trail entrance Kellams Field camera has been installed and is in use. All appears to be working well.

**WWTP** – (ENR upgrades) – Design is 95% complete. MDE design comments have been addressed and resubmitted to MDE. Grading and building permits are ready for issuance with the County. We received DPW&T approval and sediment control approval. The package to the Critical Area Commission has been sent for approval. Bid packages are assembled and ready to go out as soon as MDE gives the go ahead.

**Kellams Field Reconstruction** – The batting cage platform and minor punch list items are completed and will be ready for the 2012 season.

**Richfield Station Water Tower** – Inspection of the water tower has been completed. The recommendations outline the need to clean the inside of the tank and to report various locations on the interior and exterior of the tank over the next 7 years or so.

**Water Park** – Winter repairs and 2012 improvements are ongoing. The blue slide tower is in the design phase and is schedule to be completed by mid May. The park will also undergo an American Disabilities Act review for compliance with the newly adopted March 1, 2012 regulations.

**'E' Street Pump Station Influent Sewer Pipe** - The Town will be performing test holes over the sewer pipe to determine the extent of the 'belly' in the pipe. Recommendation for repairs will follow test hole investigation.

**Bayside Water Tower** – Working on the designated water line connection from the main 10" pump house line which will include a new chlorine feed system.

**Bay Front Park** – Working on the parking lot maintenance and restriping. Hope to have this completed within the coming months weather depending.

**Skate Park** – Design plans are underway and 25% design plans are expected this month for review.

**Purple Pipe** – We are moving forward with layouts for installation of the pipe to serve the Route 260 landscaping areas and Kellams Field.

**Stormwater Quality Research** – Researching Stormwater Quality opportunities within major developed areas of the Town. This includes actively pursuing several grant opportunities.

**Grant Opportunities** – Have applied for six grants and finalizing additional grants the through Chesapeake Bay Trust. The MDE and Chesapeake Bay Trust grants will help the Fishing Creek clean up, water quality upgrades, Mears Avenue water quality, funding more oyster cages, wetland plantings and Fishing Creek water quality monitoring.

**Street Lights** – We are preparing to install several more street lights along Rt. 260 westbound between E Street and F Street, at Cox Road and along Rt. 261 at Horizons. The lights are ordered and are anticipated to arrive next month.

**Woodshire Lane** – Work is underway to replace the old 4" line with a new 6" line to eliminate reoccurring repairs and add fire flow capacity.

Water Park Report  
Marilyn VanWagner, General Manager Water Park  
March 9, 2012

**Staffing –**

Interviews have begun for the 2012 Season. We have stopped taking requests for interviews at this time until all the current candidates have been interviewed.

Training packages are being developed for each department. In the past only the lifeguards were formally trained and tested. This season each of the other departments will have more formal training as well. At the end of the training, in each department, there is a written exam.

**Marketing –**

Discounted Season Passes are currently being offered on line for Chesapeake Beach Residents.

A well needed and long overdue marketing brochure is in the works. It should be finished within the week.

Many of the signs in the park are being updated to add new rules and new procedures.

**Planning –**

On the radar for this season are many events. Some of the events we are working on are The World's Largest Swim Lesson, Night Slides, Character Days, the Employee Appreciation Party, the Employee Awards Celebration, and the Red Cross Blood Drive.

**Maintenance/Upgrades-**

- The Town is working on many maintenance items and a few upgrades that are needed in the Park. Wilson Cochran has been instrumental in spear heading these projects.
- Town Engineer, Paul Woodburn and Wilson Cochran are working on the repair/renovation of the new Blue Slide Tower.

**CHESAPEAKE BEACH WASTEWATER TREATMENT PLANT REPORT**

**Jon Castro, Superintendent**

**March 15, 2012**

**Plant Operation:**

Tim McCoy attended Northern High Career Day as a representative for a career in the Water and Wastewater field. The Career Day gives the High School students a chance to see different career opportunities for their future.

The plant's renewal permit application is administratively complete. The notice will be published in The Calvert Recorder on February 29, 2012 and March 7, 2012. The Notice of Application for the renewal permit stated to discharge an average of 1.18 million gallons per day. An informational meeting will be held to discuss the application and the permitting process if a written request is received by March 14, 2012.

The plant operators have begun to clean out the storage buildings and preparing for the plant's upgrade construction.

There were no incidents to report in the plant's Solids Handling Operation or the Lab Sampling Operation with Chesapeake Labs.

Plant operations for this monthly report used the Shell Fish Tank on February 29, 2012 due to heavy rainfall. The last time the Shell Fish Tank was used was on 10-29-11.

The plant had no emergency alarms responded to during this report period. Operator Bob Haynes came in on February 29, 2012 at 6:00 pm to check the plant operation during the rain storm.

The Wastewater Plant had no spills or violations to report.

**Future Projects:**

The ENR upgrade for the Chesapeake Beach Wastewater Treatment Plant is at the 90% design stage and is scheduled for construction to begin in the spring of 2012.
